

Episode 201 – A Different Breed

Answer Key

1. Tibet and Nepal (The Himalayas).
2. Using thick hairy coats, they can endure extreme temperatures.
3. 3,000
4. Yaks can be used for clothing (using their hair), jewelry, and milk. Their meat is the most valuable.
5. Yak meat is low in saturated fat and extremely moist.
6. Yaks are still wild animals, and are capable of harm using their large horns. Humans must still use caution when attempting to domesticate them.
