

Episode 213 – Scented Harvest

Answer Key

1. Entrepreneurs.
2. South Carolina was the first state to produce the rice, as well as the largest producer of it for the US.
3. South Carolina's soft soil can't support the heavy machinery.
4. Water is used in the harvesting process to flood the grains, which absorb moisture. The rice is harvested at 20% moisture, and then milled at 13% moisture.
5. Smell
6. Meredith develops recipes for their specialty products.
