America's Heartland

Episode 113 – Emu Farm

1. What is the location for this segment of America's Heartland \_\_\_\_\_,  
(city or town)  
\_\_\_\_\_  
(state)
2. What is unique about the emu? \_\_\_\_\_  
\_\_\_\_\_.
3. The emu grows to \_\_\_\_\_ feet tall and weighs \_\_\_\_\_ pounds.
4. In \_\_\_\_\_, Mike and Dee Martin bought their first \_\_\_\_\_ emu chicks with a plan to breed more to raise and sell for \_\_\_\_\_. Today, they sell summer sausage, \_\_\_\_\_, and \_\_\_\_\_. But now a new product has surfaced as liquid gold - \_\_\_\_\_. Some people believe it has special properties that aids in healing cuts, bruises, and bug bites so they are now selling \_\_\_\_\_ products for \$\_\_\_\_\_ for a one-ounce bottle.
5. The Martins also are making use of every other emu component. Empty emu eggshells are made into \_\_\_\_\_, leg skins, hides and feathers are used for \_\_\_\_\_.
